

Cooloola Coast Educational Tour

As part of our Educational Tours, The Cooloola Coast Tours are an exciting new addition to the Kangaroo Bus Lines tour portfolio.

We thought that while we are taking many schools away on larger extended tours that we had a calling to provide a cost-effective alternative providing a smaller unique experience.

Our Cooloola Coast Tours are carefully handcrafted, little ripper getaway tours that suit many grades with an extensive amount of history in our own back yard. This tour can be introduced as an entry level tour to younger grades with loads of fun and adventure or even a building block in creating a much more extensive tour.

Everything is taken care of when Kangaroo Bus Lines are tailor making your educational tour from transportation, attractions, meals, and much more. We can assist with all your offsite campus excursions as we service Brisbane, Sunshine Coast, Gold Coast and beyond.

Ready to plan a trip for your school or want to ask for more information regarding The Cooloola Coast Tour? Contact a member of our friendly school teams today.

OUR VEHICLES

Our young, modern fleet of buses feature the latest technology in engineering and safety along with other optional attributes including seatbelts, air-conditioning, reclining seats, audio visual entertainment, overhead luggage racks and large underfloor storage areas.

Our fleet consists of over 120 modern buses and coaches, range in size from **10 to 24 seat mini buses** and **37 to 80 seat coaches** as well as **90 seat vehicles** for primary students. We also have various **wheelchair accessible options** and can supply vehicles with **toilet facilities**. We can also supply that extra storage space with our large range our **enclosed trailers**.
